

3/6

# Useful links: networking with coroutines

- Retrofit cancellable await extension (until Retrofit support is released)
- ktor, client, and server too (supported by JetBrains)

# Useful links: Callback hells fighting at Beepiz

4/6

- CameraCoroutines (*WIP, can already record videos, contributions welcome*)
- BleGattCoroutines (*is also a simple example to fight great callback hells*)
- BleScanCoroutines
