

Writing while platform doesn't suit me

- ~~Doing the same thing twice, and have to think about it.~~

- ~~My fingers are as fast as my mind.~~

- ~~Reading and maintaining verbose code.~~

- ~~Distracting myself from actual use case.~~

Writing boilerplate doesn't suit me

- ~~Doing the same thing twice, and have to think about it.~~
- ~~My fingers are as fast as my mind.~~
- ~~Reading and maintaining verbose code.~~
- ~~Distracting myself from actual use case.~~

My code is often waiting
